

YELLOW NECTARINE
NECTAFLASH cov NECTAPOM® ASF1108

**Exceptionally interesting variety for its productivity,
fruit very attractive with very good flavor**

HABIT: semi-upright
PRODUCTIVITY: regular

TIME: 5 - 10 before BIGTOP®
FLOWER TYPE: non-showy
FLOWER INTENSITY: high

HARVEST: 24-25 week
SIZE: A homogenous
COLOR: 100% bright red
FLAVOR: semi sweet, good aroma

Vigorous tree, it can ensure a good production from a young age. We recommend to keep large branches, to produce very nice fruit.
