

WHITE NECTARINE

NECTARELSE cov - NECTASWEET® - ASF1340

Excellent taste quality
and very attractive late variety

HABIT: semi-upright
PRODUCTIVITY: high

TIME: late
FLOWER TYPE: rosaceous
FLOWER INTENSITY: abundant

HARVEST: 38-39 week
SIZE: 2A homogeneous
COLOR: red-pink cream
FLAVOR: semi sweet, good aroma

Late variety with great potential
that confirms its interest due to its
full commercial calendar of white
flesh nectarines
