

## WHITE NECTARINE

NECTARLAM cov NECTASWEET® ASF0426

It is a good follow-up to

Remarkable variety for its production potential  
and the quality of its fruits

**HABIT:** Semi-spread to semi-upright naturally

**PRODUCTIVITY:** high

**TIME:** similar to BIGTOP®

**FLOWER TYPE:** rosaceous

**FLOWER INTENSITY:** good

**HARVEST:** 37-38 week

**SIZE:** 2A+ homogeneous

**COLOR:** bright red very luminous

**FLAVOR:** semi sweet, good aroma

Summer pruning, 3 weeks to 1 month before harvesting, will lead to an almost full fruit coloration, a better size and a very good storage.
