

PLUMCOT
SWEET IRIDIS 3

**Slightly oval variety
with yellow flesh**

HABIT: semi-upright
PRODUCTIVITY: high

TIME: 20-5 april
FLOWER INTENSITY: high

HARVEST: 33 – 35 week
SIZE: 53-56+
COLOR: 100% yellow
FLAVOR: semi sweet, aromatic

Good production and easy to handle because it lasts on the tree. It pollinates well with John W. Pollination Incompatibility Group VII.
