

PLUMCOT
SWEET IRIDIS 4

Round variety and slightly flattened

HABIT: semi-upright
PRODUCTIVITY: high

TIME: 10-20 march
FLOWER INTENSITY: high

HARVEST: 25 – 28 week
SIZE: 53-56+
COLOR: burgundy dark
FLAVOR: semi sweet, aromatic

Another one of our dinosaur egg plumcots. Very pleasant taste. Produces well and looks well covered in bloom. It pollinates with P81. Incompatibility group VIII.
